Ultimate Skin Revival - Cellrenew Revitalising Serum

An advanced concentrated serum that contains Glycine Soja Soybean Extract that reduces the signs of ageing and puffiness. SPECIFIX™ Cellrenew Revitalising Serum actively tone, soothe and refresh to help reduce fine lines and wrinkles. It gets absorbed well into the skin while providing long-lasting action and skin renewal.

SPECIFIX™ Advanced Professional Serum are developed specifically to address specific skin issues by leveraging the healing properties of nature and botanicals. Each vial contains highly concentrated dosage of efficacious actives to rejuvenate the skin.

Enriched with Glycine Soja Soybean Extract

Glycine Soja Soybean Extract is a component of the soybean plant that's a rich source of antioxidants known as isoflavones. Other antioxidants present in soybean seeds include quercetin as well as syringic, ferulic, and sinapic acids, all of which help to protect skin from environmental aggressors. It increases skin hydration & firmness as it contains highly effective hydro-complex which perfectly supports skins's own moisture balance system.

This precise formulation combined in SPECIFIX™ Cellrenew Revitalising Serum helps remove blemishes and spots, evens skin tone and lightens hyper pigmentation spots to help skin look younger and maintain a healthy appearance.

Completely renew your skin and reveal youthful-looking complexion!

Place your order for **SPECIFIX™ Cellrenew Revitalising Serum** and discover the whole range of **SPECIFIX™**'s revolutionary formulations that are specifically made for every skin type.

MADE FOR SPECIFIC NEEDS!
