## **SPECIFIX™ PROFESSIONAL – For Specific Skin Needs**

A smooth, flawless, clear skin is totally achievable, especially with skin care products that are proven to be effective and safe. At SPECIFIX™, we combine science with Mother Nature's pristine beauty. Our in-depth experience is in carefully balancing intellect, nature, and science to create long-lasting skincare products that inspire beauty and wellbeing from the inside out.

The two fundamental pillars that preserve our brand identity and are represented in all we do are a strong scientific R&D team & a persistent focus in acquiring powerful substances from the earth's surface. With a focus on skincare innovation, SPECIFIX™ explores the marvellous resources of nature and cutting-edge science to develop front-line formulas that are tailored to the unique requirements of contemporary men and women.

Experience the power of nature and discover the whole range of SPECIFIX™'s revolutionary formulation that are specifically made for every skin type.

### **PROFESSIONAL TREATMENTS**

Trusted and approved by aesthetic doctors, dermatologists and medi-spas around the world, SPECIFIX™ Advanced Facial Kits maintain skin youthfulness and while returning your complexion to its healthy luminosity.

Designed to cater to your specific skin care needs, SPECIFIX™ Advanced Facial Kits strike the perfect balance between Nature and Science. Suited for professional use, these kits are highly efficacious in resolving any and every skin issue.

### **PROFESSIONAL SERUMS**
