All-in-1 Youth Activating Treatment – **Cellrenew Skin Revitalising Facial**

SPECIFIX™ Cellrenew Skin Revitalising Facial is an innovative formulation that contains a combination of botanicals and antioxidants which strengthens the elastin layer and protects skin from external aggressors. It increases blood circulation and cell metabolism and stimulate collagen production to firm and tone skin while reducing fine lines and wrinkles.

SPECIFIX™ Advanced Facial Kits find the optimal balance between Nature and Science to adapt to your individual skin care needs. These kits are ideal for professional usage and are very effective in treating any skin problems.

Explore the skin-loving-ingredients

SPECIFIX™ Cellrenew Skin Revitalising Facial is enriched with Camaderm that improves skin firmness & elasticity, it has oxygenating, toning and soothing properties with capillary-protection.

Ginkgo Biloba Extract in the facial kit has anti-oxidant properties that neutralizes free radicals and helps skin look younger and healthier while reducing the signs of aging such as fine lines and wrinkles. In fact, it also significantly enhances viable epidermis thickness and the number of cell layers, suggesting a moisturizing effect in skin's deeper layers and increases cell renewal.¹

Retain and obtain optimal skin structure while combating signs of skin aging with all of these powerful actives combined!

Place your order for SPECIFIX™ **Cellrenew Skin Revitalising Facial** and discover the whole range of SPECIFIX™'s revolutionary formulations that are specifically made for every skin type.
